Rainy April Gives Area 4.25 Inches Precipitation

A rainy April gave the Quad-Cities 4.25 inches of rain—the most in a year for any one month—according to the gauge maintained on the center wall at the Chain of Rocks canal locks by the U. S. Army Corps of Engineers.

Rain fell on 18 days last month, but the 4.25 inches still failed to put the area's total precipitation at the four-month normal figure of 11.37 inches. Precipitation for the first four months here amounts to 10.88 inches in April.

The heaviest rainfall on any one day last month was 1.22 inches recorded on April 6. This year's precipitation by months includes 97 inch in January, 2.18 inches in February, 3.48 inches in March and the 4.25 inches in April.

CD Tests in State To Be Uniform

Civil defense public warning devices in the Quad-Cities and across Illinois will be tested on the first Tuesday of each month in a uniform manner and at a standardized time for the state, starting at 10:30 a.m. June 2, it was announced today by Col. Donovan M. Vance, state civil defense director.

Vance said the purpose of the change is threefold. First of all, the public warning device in accordance with the new civil defense federal guide must be tested a minimum of once a month.

Secondly, the change will reduce confusion when Illinois residents visit other communities in the state where testing is conducted at a different time than their own and, finally, it makes certain that the test is conducted at a time when businesses and industries are in operation and when in session, schools will be open.

General Steel Welders Return

Normalcy was restored on the afternoon shift Thursday at the Commonwealth Division plant of General Steel Industries with welders reporting for work.

The morning shift had started without welders as about 1800 welders of Bolckow & Loch, 530 reported off "sick" in a disagreement over work assignments. The dispute is to be handled under regular grievance procedures in accordance with an agreement reached between union and company officers Thursday afternoon.

Immediately after the meeting, a call went out by the union for its members to return to work.

Travis Admits Cashing Checks Stolen Here

Michael Travis, 22, of 1739 Cleveland blvd., was charged with theft by Granite City police Friday afternoon as a bookkeeper and a check protector from the office of S. M. Wilson & Co.

Travis waived preliminary hearing, was bound over to the grand jury and was returned to the city jail on \$2000 property bond. It was stipulated that the bond, if made, must be posted by a professional bondman.

Police said he admitted cashing six checks but denied the burglary. He said a man whom he had met in a St. Louis bar made out the checks and kept the remaining checks and the check protector. He also said the check protector was thrown in the Chain of Rocks canal, but he did not know where.

The case was taken under advisement by the states attorney's office. Travis currently is under indictment for burglary at Carp's Dry Goods store last Sept. 21 and also is charged with burglary and criminal damage to property in connection with the break-in at the P. N. Hirsch Co. store last Nov. 25.

He has been at liberty under bond in both cases. He has never come to trial in the Carp's case as a number of continuances have been granted. He was bound over to the grand jury on the Hirsch charge, but that case has not been presented to either of the last two sessions of the grand jury.

Warriors Tie For 9th Hiles, Selp Score 11 Points In Relays

Two athletes scored all of Granite City's 11 points in the strongman events as the Warriors tied for ninth place Friday night in the East St. Louis Relays.

Joe Hiles, already firmly established as the area's outstanding shot putter, won the event at 55 feet 6 inches. He finished second in discus throw behind Big Bob Hoskins of Edwardsville, who hit 171 feet.

Ron Selp picked up the Warriors' other two points by finishing fourth in shot-put.

Alton Redbirds laughed off anxious strong competition from East St. Louis and Lincoln of East St. Louis. They scored 86 points to 48 by Lincoln's Tigers and 48 by the host Flyers.

Behind the top three were four St. Louis schools — Benton, Central, Sunner 18, Eighth was Edwardsville, 14½, followed by Granite City and St. Louis Southwest with 11 each. Next were Belleville 5, Cahokia 5½, Collinsville 4, Wood River 3 and St. Louis McKinley and St. Louis Cleveland two each.

Six new records were set and two were tied. Alton's Andrew Johnson figured in two of the marks — helping the 480-yard hurdles shuttle relay team to a time of 1:01.4 and winning the 120-yard high hurdles in 14.5.

Other new records included 64 in high jump by Edwardsville's Ralph Deal, Alton's Jim Jordan tied the pole vault mark of 12-6.

Two St. Louis schools, O'Fallon Tech and Central, were held scoreless and Madison did not appear as scheduled.

Toburen Sidelined Local Netmen Eliminated In Tourney; Belleville Sweeps All Six Positions

Granite City and Madison tennis players felt the strength of the Belleville squad Friday and Saturday as the host Maroons swept the district high school tournament.

Six Belleville players filled all the qualifying spots for the state tournament by finishing 1-2 in both singles and doubles. Wally Raupp, meet director and long-time Belleville coach, said the sweep was the first in many years.

In the all-Belleville finals, Brian Smith downed Tom Farquhar in singles 6-2, 6-0, and Charles Holman-Jay II in a 5-2 downed Jim Schwarz-Dave Hertling in doubles 6-4, 7-5. The state tourney is May 15-16 at Champaign.

Belleville scored the maximum 20 points, followed by Alton 11, Edwardsville 11, Mascoutah 3, Granite City 3, Western Military of Alton 3, Madison 2 and Wood River 1. Roxana, Wesley and Collinsville failed to score.

John Summers of Madison advanced to the singles quarter-finals, where he lost to Smith. In doubles Saturday, the Granite City team of Neal Wolf and Wayne Hancock lost a quarter-final game on aces 19 and 20. His opening 300, combined with a 210 and a 278 gave him a flashy 788 total.

Partner Charlie Lane rolled off 681 and, with a 270 handicap, the duo took the tournament lead with 1496. The tourney ends in the first week of June.

It was the second 300 for Stafford and both came at Bowland. His first was two years ago, in a "Strike-It-Lucky" tourney.

Stafford maintains a 203 average in the Quad-City Classic League and a 205 in the Major Handicap League at Bowland. He is currently leading a 40-game tournament under way at Jefferson City, Mo.

Turpenoff Blanks Collinsville Sophs
A five-hitter by Rick Turpenoff enabled the Granite City high school sophomore baseball squad to defeat Collinsville here Thursday afternoon. The sophs now own a 9-4 record.

Turpenoff struck out 11 and walked just one—that an intentional pass in the first inning. A dropped pop fly got the right-hander in trouble in that frame but he worked out of the difficulty.

Warning Issued On Firing Rifle From Car, Roads

Hunting from a car or carrying an unlicensed or unbroken gun in a vehicle is unlawful. Quad-City hunters were reminded today by Donald Hastings, State Department of Conservation inspector for Madison county.

The warning was prompted by a recent increase in groundhog hunting with telescope and rifle from automobiles.

Hastings said hunting from a public road—in or out of a vehicle—is also illegal and violation of any of these laws carries a fine ranging from \$25 to \$300.

The law provides for no specific size of rifle in groundhog hunting, said Hastings, who noted the season is open year-round.

"Most farmers and landowners are eager to have groundhogs disposed of," he said. "So it is usually easy to get permission from them to hunt on their land."

In any case, a person is subject to arrest if he hunts from or toward a public road or out of a vehicle.

"I might also point out that hunting with a rifle and scope calls for an additional amount of caution; as was tragically pointed out in the recent hunting accident involving such a weapon near the Chain of Rocks Canal."

"The scope sight allows an enlarged view of what is being aimed at but seriously limits the view of territory between and beyond. As in the Chain of Rocks case, it is possible for another person or animal to move from a hidden position, unseen, into the path of a bullet."

Trojans Run Last in Conference Meet; White Scores Points in Three Events

Madison's Trojans trailed the field Thursday night in the Midwestern Conference meet at Roxana. They scored nine points by coping two thirds and three fifths places.

Roxana's Shells repeated as champions by scoring 72 points. Cahokia took a close second last year, was again runner-up with 57½, followed by Highland 33½, Bethalto 25, Dupo 15 and Madison.

After the meet, coach Glen Pickering announced the Trojans would pass up last Friday's East St. Louis Relays in favor of resting the young squad for Saturday's freshman-sophomore invitational meet at Dupo.

Senior Lester White figured in the fawning season in spring when more does are hit than during the rest of the year, and during the breeding season in fall when the bucks lose some of their natural caution.

Drivers should slow down when they see a deer crossing a sign, and they should be careful when traveling in whitetail country at night, he urged.

"It pays to be especially observant at dusk and at dawn. If a motorist sees a deer or sees its eyes shining, he should slow down and switch his headlights to low beam because the animals are often blinded by the bright lights and will not leave the highway."

"If one deer is seen crossing the highway, slow down because the chances are that another will follow it."

Wenner Places Second In County Spelldown

Richard Wenner, an eighth grade student at St. Elizabeth school, placed second in the annual Knights of Columbus spelling bee sponsored by the Madison county chapter Thursday night at the K. of C. hall in Alton.

He was in the final round with Marilyn Tretter of Edwardsville, an eighth grade student at St. Boniface school there. He missed on the word "laudable," which was spelled correctly by the girl who then ended the hour-long bee by spelling "jalopy."

Wenner, son of Mr. and Mrs. George Wenner, was the winner of the spelling bee conducted recently by the Tri-Cities K. of C. Council.

A traveling trophy was transferred from Collinsville to Edwardsville. Among the 12 contestants, representing six K. of C. councils in the county, was Vicki Schodroffski, the champion at St. Mark's school, Wenner, who also represented the local council. She was well on her way in the marathon spelling bee finally losing out.

Wenner plans to attend Chamaine college, a preparatory school operated by the Society of Mary on Lindberg blvd. in St. Louis county. He is one of four students of a full tuition, four-year scholarship at the boarding school.

The adjudicator for the bee was Wallace Leigh of Alton. One of six judges was Steve Saltich, long-time chairman of the local spelling bee. Councils represented in the spelldown were the Tri-Cities, Highland, Wood River, Edwardsville, Collinsville and Alton.

MORE ABOUT

Bond, Tax Election

(Continued from page 1.)

agreed that "I'm proud of our fiscal management in spite of all pressures" but pointed out that use of funds is decided by the board itself.

Linder conceded a "cushion" but defended the 40-cent rate. His proposal, saying limitation to 25 cents would necessitate an other 25-cent increase within several years. A 25-cent request was urged by a member of the citizens' committee during the question phase of the two-hour meeting.

Another question dealt with year-around school, described as currently banned by state rules. GCHS Principal Lawrence McCauley and Dr. Kaiser said 7 a.m.-1:30 p.m. shift schedules are likely at the high school and junior high school level in the foreseeable future if additional facilities are not provided. Larger class size and less effective instruction also were cited as possibilities.

Charts projected on a large screen showed that enrollment is rising about 600 pupils a year and that Granite City students at all grade levels are above average in their knowledge.

Enrollment records were utilized to support the proposal for a GCHS addition. Nieringhaus elementary school addition, new grade school in the Frohardt zone, new junior high school on Pontoon road and Frohardt area and Nameoki-Mitchell school sites.

Expand GCHS Library
Dr. Kaiser said GCHS is nearing the maximum recommended size but needs a cafeteria to reduce use of crowded corridors and to speed the serving of lunch. Proposed new GCHS classrooms would enable the present library, commercial and vocational areas to be enlarged, he said.

It was pointed out that longer class schedules would impair extra-curricular activities, limit the number of subjects that GCHS students can take and possibly lead to loss of accreditation. In some areas, overcrowding would prompt more extensive renting of class facilities in non-school buildings, the citizens were told.

George Eubank is serving as co-chairman of the citizens' committee and Johnson announced that Henry D. Karandjeff is finance chairman, Andrew Gasparovic III heads publicity and Marvin Henderson is

chairman of the speakers' bureau.

Reason For Jr. High Plan
Dr. Kaiser took a stand against construction of a second high school—costing about \$4 million—at this time but said it probably will be necessary in future years.

Junior high expansion such as the Pontoon road school can enable the Coolidge building to ease GCHS overcrowding, he said, explaining that a possible plan for the near future is assignment of eleventh and twelfth grades to GCHS and ninth and tenth grades to near-by Coolidge.

A visit by some of the citizens to GCHS was planned for today. Supt. Kaiser stressed his belief that there is no "padding" in the referendum, saying that the new schools would have to be staffed and commenting that it is important that the school district be able to "attract and keep good teachers."

Linder reported that the district has eliminated operating debt, compared to an \$885,000 debt several years ago, and said it has been a practice to use authorized tax rates only as needed.

Star-spangled way to sweeten up your future

The old American proverb says, "money isn't everything, but it sure helps."

And that goes double for the money you put in U.S. Savings Bonds. Because this money helps two ways.

First, it helps your future. Putting youngsters through college. Building homes and summer cottages. Buying cruises for you and the spouse. You dream it, Bonds can deliver it.

Second, it helps your country now, by making Uncle Sam a stronger influence in an unsettled world.

Your fellow Americans have tucked over 47 billion dollars into U.S. Savings Bonds. Why not join them? There's no safer investment anywhere in the world.

Quick facts about Series E Savings Bonds

- You get 3½% more money when they mature (7 years, 9 months)
- You pay no state or local tax and can defer the federal tax until the Bonds are cashed
- You can get your money when you need it
- Your Bonds are replaced free if lost, destroyed or stolen

Keep freedom in your future with
